Fort Bend County Judge KP George Must Resign Immediately

Fort Bend County deserves better.

In the wake of serious felony charges and a series of scandals that have rocked the Fort Bend community, we are calling on Judge KP George to step down from office immediately.

Judge George, the highest-ranking elected official in Fort Bend County, now stands accused of laundering tens of thousands of dollars in campaign funds and manipulating online platforms to smear his political opponent in the 2022 election. These aren't minor allegations—they strike at the heart of public trust.

Let's be clear:

This is not about partisanship.

This is about integrity and accountability.

In a move that reeks of desperation, Judge George announced today that he is switching political parties, claiming the Democratic Party "left him" and that the Republican Party reflects his values. But this last-minute party flip comes after indictments, not before. It's hard to see this as anything other than a calculated attempt to dodge accountability.

His former chief of staff has already pleaded guilty to creating fake social media accounts to mislead voters. George barely won re-election

in 2022, and now the truth is catching up to him. Fort Bend County should not be held hostage by a public official who is more focused on saving himself than serving the people.

Since these charges became public, Fort Bend has suffered. Fort Bend has lost opportunities and lost credibility. And every day that KP George remains in office, the residents of Fort Bend lose more.

We are calling on Judge KP George to resign immediately.

Resignation is the only responsible path forward. The residents of Fort Bend County deserve a judge who leads with honesty, not scandal. With the legal process ongoing, the courtroom—not the courthouse—should be his focus now.

There can be no justice when the judge himself is under indictment.
